

Corrosion Awareness Day

'Corrosion Photographic Competition'

As per *Corrosion Awareness Day*, this event is planned to develop a better understanding for students at graduate and undergraduate levels from different universities. The corrosion/inspection professional working in the field can also participate. The aim is to be able to identify corrosion issues from everyday life/surrounding, investigate/study to identify the cause and suggest the possible remedy for the same. The submission shall include the photograph/s and along with brief write up.

A panel of experts shall review the submission and grade the submission. The top three participants shall receive certificates.

Late Date of Submission

17th April 2023

Registration

Firstly, register yourself by submitting the online registration form on the following link before 10th April 2023:

https://docs.google.com/forms/d/e/1FAIpQLSe7rqSLYongP6KvfNE7AHKICXzwd19zTU0h0nAqjaSo_xc5MQ/viewform?usp=sf_link

After filling that registration form, you will receive the template and rules of the photographic competition through email.

Benefit of Participation

Your photographs will be displayed on the World Corrosion Organization (WCO), European Federation of Corrosion (EFC), Pakistan Chapter website and other corrosion related forums with brief introduction of participant. The events report shall also be published in AMPP and East Asia Pacific Area (EAPA) newsletter.
