

CORROSION AWARENESS DAY 2023

Technical Awareness Session

Description of Event

The event is part of World Corrosion Awareness Day program and shall be conducted jointly by the Pakistan Chapter AMPP and Institute of Metallurgy and Materials Engineering (IMME), University of Punjab, Lahore, Pakistan.

In this event, invited corrosion professionals are invited as speaker from all over the world to share their knowledge about the corrosion mitigation. This session shall go a long way in enhancing/broadening technical expertise, provide an opportunity to link up with other professionals to exchange information and network with local and foreign corrosion community.
