

Corrosion Awareness Day Activities

En-Hou Han

Damien Féron

OUTLINE

- 1. Organized the Corrosion Awareness Day activities**
- 2. Media exposed for WCO Corrosion Awareness Day**
- 3. Materials Corrosion Science and Technology Frontier Forum**

1. Organized the Corrosion Awareness Day activities

April 24, 2019, whole day in the Institute of Metal Research, the Chinese Academy of Sciences, Shenyang, China.

400+ people jointed

- (1) Address by President Damien Féron**
- (2) Corrosion lecture**
- (3) Contest (Q&A)**
- (4) Corrosion posters**
- (5) Corrosion experiment demo**
- (6) WCO Shenyang Declaration**

(1) Address by President of WCO

- **What is corrosion?**
- **Why corrosion ?**
- **What we need to avoid?**
- **WCO major activities**

Address by Prof. Hannu Hänninen

- **Corrosion is a very important and interesting issue**
- **Personal research experiences more than 40 years on corrosion**

(2) Lecture on Corrosion

- Corrosion cost
- What is corrosion
- How to control corrosion
- Corrosion vs people's life quality
- ~400 attendees

(3) Contest (Q&A)

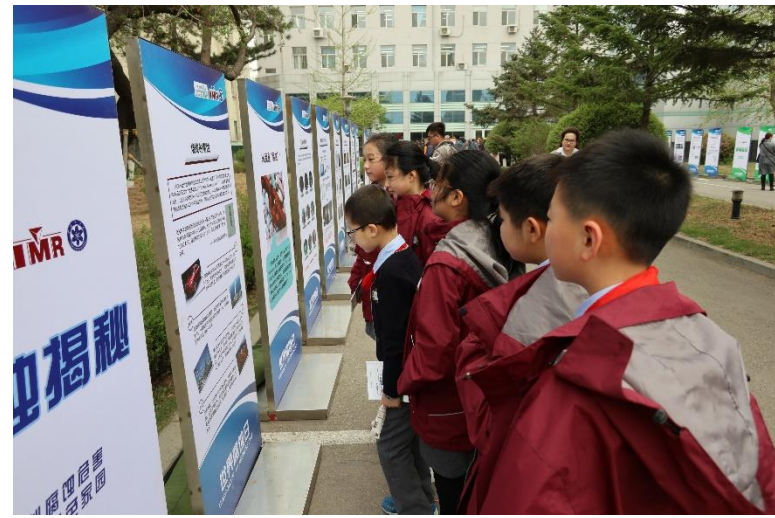

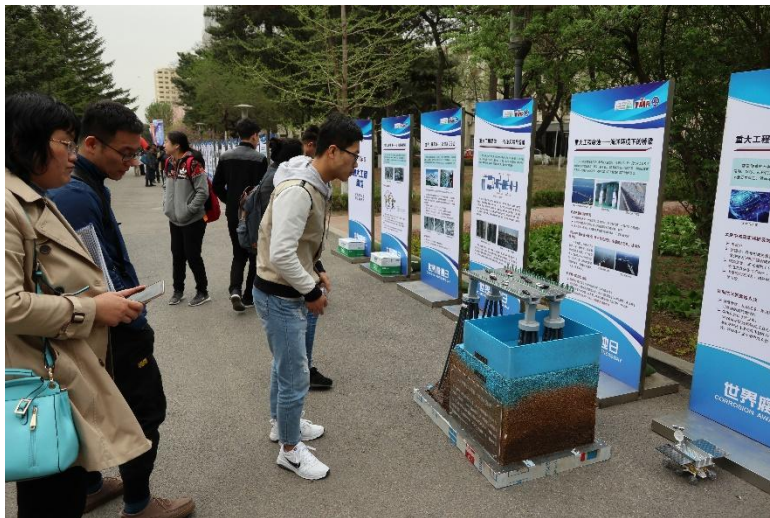

- Corrosion knowledge

(4) Corrosion posters

- **Corrosion vs people's daily life quality**
- **Corrosion vs people's safety**
- **Corrosion vs environment**
- **Corrosion cost**
- **Photos of corrosion damage**
- **Corrosion mechanisms**
- **Corrosion in nuclear**
- **Corrosion utilization**

(4) Corrosion posters

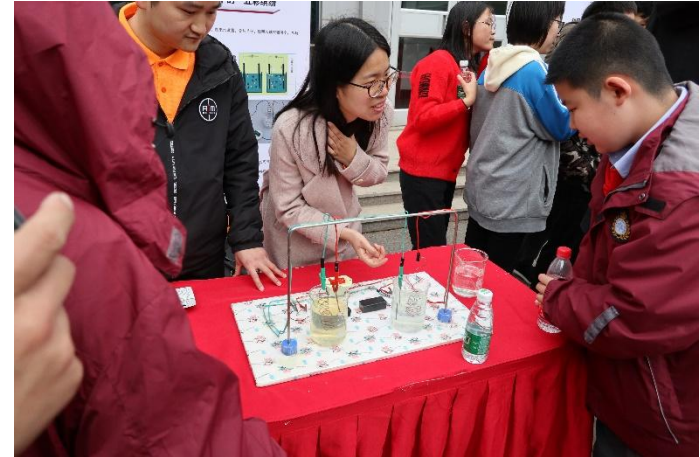

(5) Corrosion experiments demo

- **Corrosion polarization**
- **Primary battery**
- **Fruit battery**
- **Galvanic corrosion**
- **Electrolytic cell**

(5) Corrosion experiments demo

Experimental design of copper-zinc galvanic battery

Colorful electrolytic cell

Galvanic corrosion between Fe and Mg

(6) WCO Shenyang Declaration

- The Declaration was released jointly by Prof. Damien Féron, President of WCO and Prof. Han En-Hou, Immediate Past President
- Many famous corrosion scientists activated the activity jointly

2. Media exposed to WCO corrosion awareness day

- **TV report**
 - **China Central TV**
 - **Liaoning TV**
 - **Shenyang TV** 3 +
- **Newspaper news and articles**
 - **People's Daily**
 - **China Daily**
 - **Economic Daily**
 - **China Science Daily**
 - **China News**
 - **Liaoning Daily, Shenyang Daily, Shenyang Evening News.....8 + newspapers**
- **Web page report & radios**
 - **Xinhua Net** **Kexue Net**
 - **Renmin Net** **Shenyang Radio 4 +**

3. Frontier Forum on Corrosion Science and Technology

3. Frontier Forum on Corrosion Science and Technology

Lectures:

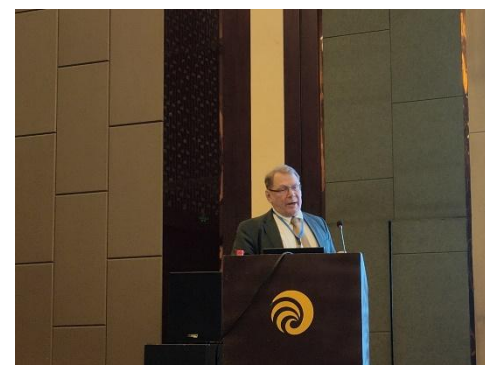

- **Material Genome and Corrosion**
- **Trace Method of Corrosion Mechanism Research**
- **Hydrogen Embrittlement and Hydrogen Resistant Materials**
- **Magnesium Alloy Corrosion and Electrochemistry**
- **Molten Salt Electrochemistry**
- **Photo Electrochemical Cathodic Protection**
- **Corrosion Monitoring / Detection Technology**
- **Graphene Heavy-duty Coatings**
- **Marine Bio-corrosion and Control Technology**
- **Corrosion Mechanism of Nuclear Power Materials**
- **Environmental Fracture Mechanism of Nuclear Power Welding Materials**
- **Corrosion Assessment of Nuclear Power Materials**
- **Service Safety and Life Prediction**

Academician Ke Wei of the Chinese Academy of Engineering gave an opening speech

Chairman of the meeting, Prof. Han En-Hou chaired the meeting

Prof. Hannu Hänninen from the University of Aalto

Prof. Damien Feron from CEA, France

Meeting Venue

~ 400 attendees

Thank you!
