

Corrosion Awareness Day

1st April to 24th April 2020

'Online Technical Presentation'

As a part of the *World Corrosion Day* Event, we wish to invite you to submit video recorded PowerPoint presentations on any issue relevant to corrosion and corrosion control. The novel technologies and current practices being followed in fighting against corrosion are also welcome. The submission should be of 15-25 minutes duration. The selected talks will be posted online on the NACE Islamabad Pakistan Section website. The purpose of this online publication is to disseminate the core concepts of corrosion and to control its progress. This event will benefit our industries, academia and communities in a broader sense.

Suggested Presentation Topics

- ✓ Corrosion Under Insulation (CUI)
- ✓ Concrete Corrosion and protection strategies
- ✓ Use of inhibitors in oil & gas transmission and distribution pipelines
- ✓ Vapor Phase Inhibitors and their importance
- ✓ Or, any topics related to corrosion science and engineering

Registration

Confirm your participation by sending the proposed topic of your presentation by 20th April 2020 via:

islamabadpakistan@nacesection.org
